

PROCEDURE FOR OBTAINING A BUILDING PERMIT

1. Fill out an application for a building permit.
2. Sign application and have it notarized.
3. Attach a Plot Plan showing the dimensions of the lot, and the Distance from the lot lines to existing and proposed buildings. The Plot Plan must accompany the application or it will not be accepted.
4. Obtain an approved construction permit for Sewage Disposal from the Clinton County Health Department. Attach it to the application.
5. If the proposed construction is \$10,000 or more, or involves 1,500 square feet or more, complete building plans must be drawn by a Licensed Professional Engineer who is duly licensed in the State of New York and these plans must be stamped with the Seal of their office.
6. If the requirements are met, a Permit will be issued by the Code Enforcement Officer.
7. If the requirements are not met, the applicant may:
 - A. Alter the plans to meet the requirements.
 - B. Withdraw the application.
8. An appeal may be made to the Zoning Board of Appeals if applicable.
9. Fees: \$.06 per square foot (residential)
\$.08 per square foot (commercial)
Building, Repair, Alterations, Signs (All Work)
Minimum fee is \$ 25.00

All checks should be made payable to the Town of Beekmantown.
10. If you should have any questions regarding this application, contact the Code Enforcement Officer as follows:

Town of Beekmantown Code Enforcement Office 571 Spellman Road West Chazy, N.Y. 12992	Allan Corron, C.E.O. Town of Beekmantown Phone: (518) 563-4650 (office) (518) 275-9626 (cell)
---	--
11. If you are building a home or placing a manufacture home on a lot, please call the 911 office at 565-4791 for your new 911 address. You cannot request phone or electrical service until you have your new 911 address. See page 6 for more information.

Affidavit of Exemption to Show Specific Proof of Workers' Compensation Insurance Coverage for a 1, 2, 3 or 4 Family, Owner-occupied Residence

****This form cannot be used to waive the workers' compensation rights or obligations of any party. ****

Under penalty of perjury, I certify that I am the owner of the 1, 2, 3 or 4 family, **owner-occupied** residence (including condominiums) listed on the building permit that I am applying for, and I am not required to show specific proof of workers' compensation insurance coverage for such residence because (please check the appropriate box):

- I am performing all the work for which the building permit was issued.
- I am not hiring, paying or compensating in any way, the individual(s) that is(are) performing all the work for which the building permit was issued or helping me perform such work.
- I have a homeowners insurance policy that is currently in effect and covers the property listed on the attached building permit AND am hiring or paying individuals a total of less than 40 hours per week (aggregate hours for all paid individuals on the jobsite) for which the building permit was issued.

I also agree to either:

- ◆ acquire appropriate workers' compensation coverage and provide appropriate proof of that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit if I need to hire or pay individuals a total of 40 hours or more per week (aggregate hours for all paid individuals on the jobsite) for work indicated on the building permit, or if appropriate, file a CE-200 exemption form; OR
- ◆ have the general contractor, performing the work on the 1, 2, 3 or 4 family, **owner-occupied** residence (including condominiums) listed on the building permit that I am applying for, provide appropriate proof of workers' compensation coverage or proof of exemption from that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit if the project takes a total of 40 hours or more per week (aggregate hours for all paid individuals on the jobsite) for work indicated on the building permit.

(Signature of Homeowner)

(Date Signed)

(Homeowner's Name Printed)

Home Telephone Number _____

Property Address that requires the building permit:

<p>Sworn to before me this _____ day of _____, _____.</p> <p>_____ (County Clerk or Notary Public)</p>
--

Once notarized, this BP-1 form serves as an exemption for both workers' compensation and disability benefits insurance coverage.

Under the new provision of the Penal Law, Cities or Counties wishing to be covered by this legislation must affirmatively enact a local law to legalize the possession, manufacture, storage, handling, sale and use of "sparkling devices" within their jurisdiction.

Uniform Fire Prevention and Building Code

The Department of State adopted a rule that adds provisions applicable to "sparkling devices" to the Uniform Fire Prevention and Building Code (Uniform Code). The rule applies to buildings where sparkling devices are manufactured, stored, sold or used; and will establish provisions to reduce the risk of fire in buildings resulting from the manufacture, storage, sale or use of sparkling devices. These new provisions are based on provisions found in the 2015 International Fire Code and will be contained in a new Section 1228.3 to be added to 19 NYCRR Part 1228.

A rule in is available by [clicking here](#).

Notice of Adoption
Effective January 1, 2015
Regulation establishing training
requirements for code enforcement personnel

The rule establishes levels of certification (Building Safety Inspector Certification and Code Enforcement Official Certification), prescribes the functions that can be performed by persons holding each level of certification, and establish the training requirements for each level of certification. This rule clarifies when a Building Safety Inspector Certification or a Code Enforcement Official Certification will be classified as inactive, and this rule specifies what a person whose certification has been classified as inactive must do to have his or her certification restored to "active" status.

Notice of Emergency Rule Adoption
Effective January 1, 2015
Truss type, pre-engineered wood or timber construction
in Residential Structures

Executive Law § 382-b, as added by Chapter 353 of the Laws of 2014, provides that any person utilizing truss type, pre-engineered wood or timber construction for the erection of any new residential structure, for any addition to an existing residential structure, or for any rehabilitation of an existing residential structure must (1) notify the local government that will issue the building permit that truss type, pre-engineered wood or timber construction is being utilized and (2) affix a sign or symbol to the electric box, if any, on the exterior of the structure indicating that truss type, pre-engineered wood or timber construction has been used.

A new Part 1265 to Title 19 of the New York Codes, Rules and Regulations (NYCRR) has been adopted. The new Part 1265 prescribes (1) the form to be used to notify code enforcement officials that truss type, pre-engineered wood or timber construction is to be used in a residential structure; (2) the sign or symbol to be affixed to the exterior of a residential structure that has been constructed, added to or rehabilitated using truss type, pre-engineered wood or timber construction.

New Executive Law § 382-b does not apply, and this rule will not apply, in New York City.

NOTE: This rule was adopted as an emergency rule on December 30, 2014, and is currently in effect. A public hearing on the proposal to adopt this rule on a permanent basis will be held at 10:00 am on March 2, 2015 at 99 Washington Avenue, Albany, NY in Room 505.

Code Enforcement Officials should not issue a Certificate of Occupancy for a residential building that contains truss-type construction, pre-engineered wood construction or timber construction unless:

1. the owner has notified the AHJ, on the **form prescribed in the rule**, that contains truss-type construction, pre-engineered wood construction or timber construction has been used and;
2. the structure has the **sign prescribed in the rule** attached in the place prescribed in the rule.

Code Enforcement Officials may want to notify people who received a permit prior to January 1, 2015 but did not receive a Certificate of Occupancy prior to January 1, 2015, so that those people can file the required notice and affix the required sign before the final inspection.

**NOTICE OF UTILIZATION OF TRUSS TYPE CONSTRUCTION,
